Board of Auditors

RUTLAND TOWN SCHOOL DISTRICT REPORT OF THE SCHOOL DIRECTORS

The Board of School Directors of Rutland Town have had a busy year. Many long hours were spent in making decisions in an endeavor to make the education of Rutland Town students more stimulating and vital. The Board has met regularly the first Tuesday of each month. There have been many special meetings, supervisory union meetings, meetings on the Experimental Schools Study and building committee meetings. Individual board members are also representing the Board at various other meetings.

The Board is aware of the rising cost of Education and at each regular meeting it carefully approves bills for payment and authorizes purchases of various items. It carefully scrutinizes the budget so that spending of budgeted items is kept within the budget allocations. The budget being presented for the approval of towns people is \$589,672.00, an increase of \$68,807.00 over the 1971-72 budget. Many long hours were spent by your Board of School Directors in preparing this budget. Increases in some areas are inevitable, particularly in salaries and fringe benefits for our teachers and staff. Because of the increases in tuition of secondary students there is an increase in this area of the budget. In capital outlay we have budgeted a larger amount because of the larger school plant. As student enrollment increases instructional cost increases; there is an ever spiralling per pupil cost of education but our first concern is providing a good educational program for our youth from Kindergarten through Grade Twelve.

Over the past decade our school population has almost tripled. In 1951 we had 191 elementary and 63 secondary pupils. In 1951 the Town of Rutland had 8 elementary teachers on its staff with a budgeted salary of \$19,200. In 1961 we had 8 regular teachers and a budgeted salary of \$38,080. Presently we have 19 regular teachers and 5 part time teachers with a budgeted salary of \$196,300. In 1961 we had 230 elementary pupils and 99 secondary pupils. In 1971 we have 471 elementary and 123 secondary tuition pupils and 56 attending private high school. In 1951 our budget for tuition was \$13,045.00. In 1961 our budget for tuition was \$44,000. In 1971 our budget for tuition was \$147,500. These items indicate why the education of Rutland Town pupils is an expensive proposition.

We are directed by law to provide increased services and more programs for the education of our youth. We are also required by law to enter into professional negotiations with the

teachers regarding matters of salaries and fringe benefits. A committee of three from the board has worked with a committee of the teachers in negotiating for salary increases and fringe benefits. They have spent many long hours at these meetings. The board feels that teachers should have adequate salaries but they are also aware of the town's ability to pay for these services. This year we have been able to house 471 students under one roof. With the new addition of 8 classrooms and a learning disabilities center we have alleviated overcrowding for a period of time. We were most fortunate to have Mr. Fred Zimmer, a Board Member, as the clerk of the works for this addition. Because of his background he was able to supervise assuring superior work in every way. We were most fortunate to finance through the Proctor Trust Company—10 promissory notes of \$13,400 each at 5% interest. Unanticipated state aid made the 10 rather than 15 year financing possible. This building was inspected and approved on August 24, 1971 by the State Department of Education. We received many commendations from the inspectors regarding this excellently constructed building. However, with the rapid increase in building development which results in increased enrollment it is difficult to predict when we will again reach maximum enrollments. The Town of Rutland needs to seriously consider purchase of land for a future elementary school. Mr. Zimmer is representing the Board of School Directors on a Committee consisting of one Selectman, one Lister and one Town Planning Committee member to consider this problem.

All school plants are in good condition. Center Rutland School was painted on the exterior as was Cheney Hill School. The Cheney Hill School is rented to the United Pentecostal Church. Haiti School is rented to ACF Precision Survey. It is hoped that suitable tenants can be found for the Center Rutland School so that the School District can receive income from this property.

The new addition to the Post Road School based on the Open Space Concept has proven to be stimulating for our students and teachers. As time marches on the rigidity of the classroom of the past is disappearing. Parents are demanding more and better opportunities for their children. Educators are developing programs where the emphasis is on the learner who is taking his place as the center in the education picture. We have in our new facility flexibility of space, facilities and materials. In this learning atmosphere there is opportunity for the learner to nurture talents which might lie dormant or undeveloped. Education is becoming dynamic with physical facilities serving the programs they house. Residents of Rutland Town should be proud of this achievement by voting for the bond issue which made possible this wonderful physical plant.

In our last annual report we discussed the secondary problem in our community and the possibility of consolidating with other towns in forming a Union School District. On October 19, 1971 the towns of Rutland, Chittenden, Shrewsbury and Mendon voted to form this district. Mrs. Roxie Hathaway and Seward Hawley from the Town of Rutland serve on this Board. They are presenting a report to the Citizens of the Town of Rutland in another section of the Town Report.

Mrs. Ruth Davis retired after many years of service to the Town of Rutland. Mrs. Joyce Sanderson replaced her as a first grade teacher. Mrs. Anna Spencer assumed the responsibility as a qualified Teacher-Librarian and Mrs. Robert Solari was hired as our school nurse.

The Rutland Central Supervisory District was selected as one of nine school districts to participate in an Experimental School Study in which many of the Rutland Town people were involved. Certainly the interest generated by this committee under the leadership of Mr. Robert Dombro has made the community very much aware of effective and stimulating approaches to education. To be one of nine school districts in the country to be involved in this study is a real tribute to the Rutland Central Supervisory District.

In closing this report we appreciate very much the untiring efforts of Mr. Zani, our Superintendent of Schools, Miss Reilly, our Principal, our good teachers and other personnel and to the citizens of Rutland Town for their loyal support in providing for the youth of Rutland Town a superior Educational Program.

Respectfully submitted,

BOARD OF SCHOOL DIRECTORS

RUTLAND TOWN REPORT OF SUPERINTENDENT OF SCHOOLS

I hereby submit my annual report as Superintendent of Schools to the taxpayers of Rutland Town.

John Northrop has been employed as Business Manager of the Rutland Central Supervisory Union District. Mr. Northrop has many years of accounting background and was Head Accountant of the Vermont Marble Company for 30 years. Because school budgets have risen approximately 1000% in the past 20 years a man of John Northrop's caliber and background was needed for accountability to the taxpayers.

(Mrs.) Ruth Davis, a dedicated and excellent teacher, retired from the Rutland Town School System as of June 1971. Mrs. Davis was respected and loved by those associated with her. She was a true friend to all—children, parents and colleagues alike. Our heartfelt thanks go to Ruth Davis for her devotion to the Rutland Town Students, and also our hopes include a healthy and rewarding retirement.

In September 1971, 4th, 5th and 6th grade children were in a new nine room, open class room addition at the rear of the present school plant on Post Road. Unusual population growth precipitated this act. Pupils and teachers enjoy the open concept and many innovative programs are being evolved because of the flexibility and openness of the building. Our hats go off to the Architect, Mr. Irving Hersey, the Contractors, John Russell, Corp. and the Clerk of the Works, Mr. Fred Zimmer. The three components made an excellent winning combination.

The taxpayers of Rutland Town have voted to join the new Union High School District #38, comprising the towns of Chittenden, Mendon, Shrewsbury and Rutland Town. On January 11, 1972, an organizational meeting was held and now the Board members are having weekly Thursday evening meetings at the Rutland Town Elementary School. The public is invited to participate. Help will be needed in the organization and the planning stages of a union high school. Presently, Union District #38 has been assigned to the Rutland Central Supervisory Union, but a study will be made within the next two years and the assignment may be changed.

The Learning Disabilities program is in full swing. The Learning Disability teacher is now on a full time basis and working with pupils in a new room especially designed for pupils with remedial problems. Speech therapy is being practiced every day and the use of a child psychologist has been doubled. A part time home to school coordinator is helping to create an easier flow of communication between the parents and teachers.

During the autumn, the 6th grade students had an outdoor program of three intermittent days at Camp Betsy Cox in Pittsford, Vermont. The program was primarily designed to help teachers see their pupils in a different atmosphere, for guidance purposes. The side effects were overwhelmingly good. Natural Sciences were taught and the children received first hand experiences. Pupils and teachers got to know each other under a different set of circumstances. Socially the "underdog" achieved new status because of his ability to do things others could not do. Cliques of pupils were broken because of new interest. And finally, the programs the pupils put on for the stay-at-home students and parents, using Audio Visual materials of sorts, prepared them to speak logically and educationally before large groups of people. The Camp Betsy Cox Evaluation meeting brought out the following points besides the ones listed above;

1. The fifth and seventh grades should also participate so that the Natural Science program would be continuous.
2. A spring learning session at Camp Betsy Cox should be held as a follow up.
3. Future overnight outings should be planned, for nature continues its wonders after sundown.

It is difficult for people not associated with education to realize that there has been a great improvement in learning in comparison to 25 years ago. In my opinion, the teaching of the 3 'R'S has improved immensely because of better trained and better motivated teachers. Unfortunately, the need for literacy has grown faster. A person was considered illiterate, 25 years ago if he could not read. Today a person is illiterate if he can not read at a 6th or 7th grade level. Therefore the Rutland Town School Board has asked Dr. Virginia Larabee, Reading Specialist, Castleton College, to survey the school's reading programs and to recommend a course of action. The survey will be complete during the spring of 1972.

During the summer and fall of 1971, Rutland Town participated for a Federal Grant called "Experimental School." Eventually there were approximately 25 community involved workers who had, in the words of Winston Churchill, given "their blood, sweat and tears" to finalize the project. The project was not funded but many exciting thoughts were projected from the discussions of the different groups. Some of the ideas that I heard from the separate sub groups were the following;

1. Until the turn of the century United States culture was agrarian in nature. Education was tied in with the past. The Industrial Revolution changed this pattern and we are now teaching for the present and have fashioned our schools after industrial complexes.

2. School Systems seemed to be modeled on a version of the adults' own childhood. The school of our youth for the most part, is a nostalgic non-existent past.
3. The 12 year olds know as much today as the 16 year olds of a short time ago.
4. We are now in a second Industrial Revolution and technology is changing our lives very rapidly. Our schools should be educating our youth not only of the past and present, but also of the future.

C H A N G E is the byword.

One thought from the Experimental School group that came out loud and clear was that the local school reflected the major invested tax money in a physical plant and the school would be a logical place to use for community programs. The gain would be in making fuller use of costly facilities and thus a greater return on tax dollars.

The committee is presently working in an advisory capacity to the School Board. As a Superintendent I hope that the enthusiasm of the group continues, for community involvement is very much needed in our society today. There is a large unused reservoir of talent among the men and women in the Rutland Town community that can add insight into the Rutland Town educational system.

In closing this report, I wish to express my appreciation to the Rutland Town School Board of Directors, the administration, the teachers and staff members, the Community Involvement Committee, the town officials and the citizens for their cooperation during the past year.

Respectfully submitted,

RICHARD F. ZANI

**UNION SCHOOL DISTRICT #38
DIRECTORS' REPORT**

The towns of Shrewsbury, Chittenden, Mendon and Rutland Town formed Union #38 to organize the area for a Union High School. This Union Board has been meeting on Thursday evenings and there has been much discussion on policy and philosophy. Some committees have been formed and these are beginning to function.

Rutland Town's share of the voted budget of \$7,000.00 is based on our ADM (average daily membership) of public high school pupils as of July 1971 and is 52.8% of \$7,000.00 or \$3,696.00.

We thank you for your support and understanding in the past and for voting to allow the study to develop to this point. We feel that it is very important for all avenues of education for our town children to be explored and the findings put to the best advantage.

VERMONT STATE DEPARTMENT OF HEALTH ANNUAL TOWN REPORT FOR THE YEAR 1970-1971

This is a report to the residents of your town describing the health services which have been rendered during the state fiscal year July 1, 1970 through June 30, 1971. These services are carefully planned so that maximum benefit may be gained from each tax dollar. For instance, one clinic may serve many towns if the number of patients is small. On the other hand, when a service is needed in a town or city, we make every effort to provide it.

I invite you to discuss this report with your friends and health officer and I would welcome any impressions which you care to forward to me.

The following is a list of some of the health services to the residents of Rutland Town.

Number of Well-Child and School Medical Conferences, and Immunization Clinic held in this town	5
Attendance of town residents at above conference/clinics in this or nearby towns	485
Number of children aided under Child Health Programs (Child Development Clinic, Handicapped Children's Clinics, Pediatric Consultation and Diagnosis)	5
Attendance at dental health and brushing classes, and dental inspections	344
People X-rayed for tuberculosis detection	19
People X-rayed for occupational diseases	12
People served at tumor clinics or by tumor diagnostic screening services	1
Attendance at diabetes clinics or physician office screening for diabetes	6
Attendance at glaucoma screening clinics	3
Attendance at amblyopia screening clinics (3-5 yr. olds)	—
Diphtheria, Tetanus, Whooping Cough Immunizations	83
Polio Immunizations	88
Smallpox Immunizations	53
Red Measles (rubeola) Immunizations	5
Rubella (German Measles) Immunizations	261

Number of water samples (private & public supplies)	10
Blood specimens tested (pre-marital, pre-natal & other)	11
Other laboratory specimens	6
Nutrition and dietary consultations, demonstrations, services	1
Inspections and consultations to hospitals, nursing homes, and homes for the aged	—
Sanitary inspections & consultations to licensed food & lodging establishments and to other public & private facilities	16
Public Health Nurse visits to individuals	205
Number served by above visits	54
Other consultations, program, and group service activities of Public Health Nurses to residents of this town, or held in this town for area residents	101

The Home Health Services program, in addition to providing for the survey of home health agencies as required by Medicare, works cooperatively with the Division of Public Health Nursing, works closely with the Vermont Assembly of Home Health Agencies and the Agency of Human Services in seeking the provision of certified home health care available to all the people of the state.

Respectfully submitted,

Commissioner of Health

REPORT ON REGIONAL PLANNING

It is a pleasure to submit this Report of the Rutland Regional Planning Commission. During 1971, the RRPC had a membership of 19 Communities in the Rutland Region. Rutland Town is represented by Stevia Chaffee as Regular Commissioner and Byron Hathaway as Alternate. Meetings are held on the second Tuesday of each month.

As one of 14 Regional Commissions in Vermont, the RRPC continued its functions of providing planning assistance, reviewing grant and development applications, providing technical help, assisting at committee, local planning commission and public hearings, giving secretarial and mimeographing services, coordinating with state and Federal agencies, speaking to groups, etc.

The year 1971 saw an increased emphasis on the planning process. Recently enacted environmental legislation has established a review procedure on most developments or subdivisions and local input is required if communities are to maintain maximum local control. Ten RRPC member communities have now adopted plans and eighteen have some form of by-law control, partly through assistance of the RRPC. Plans and model regulations have been prepared for all members and a Regional Plan is being printed.

Despite cutbacks in Federal funding for Commission work, the RRPC continues to process grant applications and to conduct studies necessary for the availability of certain grant programs.

A successful course for local and regional planning officials and other interested persons was sponsored by the RRPC. Information on housing, solid waste, subdivision regulation, environmental laws, aerial photography, population projections, census data, etc., has been prepared or made available.

Cost of the planning program has been nominal and local members have been consistent in supporting this cost. State and Federal funds on a matching basis have been helpful in continuing the work of the RRPC to assist localities. May we take this opportunity to thank the members for their support, both financial and of their time. Planning is time-consuming and adopting of regulations frustrating but necessary if the communities are to profit from inevitable growth and change.

The coming year will test further the ability and determination of communities to control their futures. The RRPC stands ready to assist in these important efforts. We invite you to visit your office at 12 Wales Street.

Respectfully yours,

ROGER G. BROWN, Poultney—Chairman

RUSSELL L. MORGAN—Executive Director

RUTLAND TOWN PLANNING COMMISSION 1971 ANNUAL REPORT

TO: Board of Selectmen, Town of Rutland, Rutland, Vermont

This annual report is submitted as a public record in accordance with 24 V.S.A., Section 4326. The Planning Commission is appointed by the Board of Selectmen with the powers and duties prescribed in Section 4325 of the above act.

The Commission is committed to the purpose of encouraging appropriate development of all lands in the town. To achieve this goal, a Town Plan is being prepared. This Plan will use as its base the Natural Resource Inventory prepared by the Natural Resource Technical Team and Rutland Town Detailed Soil Survey prepared by the Soil Conservation Service.

During 1971 the Town adopted an ordinance governing individual residential sewage disposal systems that should prove very helpful in protecting the interests of the owner and all other residents of the Town.

Interim Zoning has been adopted and is in effect throughout the entire Town. This ordinance will be in effect for two years with the option for a one year extension while Permanent Zoning regulations are being prepared. The people responsible for administering the Interim Zoning Ordinance are as follows:

Administrative Officer—T. Barry Burke

Zoning Board of Adjustment—Elsie Graziano

Bud Crossman

Edward Silsby

William St. Peter

Charles Brothers

Future meetings of the Town Planning Commission will be held on the first Tuesday of each month at the Town Hall in Center Rutland at 7:30 P.M. All interested Town residents are invited to attend and take an active part in planning for the future of our Town.

ORDINANCES OF TOWN OF RUTLAND

BE IT ORDAINED BY THE SELECTMEN OF THE TOWN OF RUTLAND, IN THE COUNTY OF RUTLAND AND STATE OF VERMONT:

We the SELECTMEN of the TOWN OF RUTLAND, By virtue of the Power and Authority vested in us by T. 24, V.S.A. chapter 50 A-51 Sec. 1971 - 2251, as amended, on this 22nd day of March A.D., 1971 at a duly called and held meeting, do HEREBY ADOPT the following ORDINANCES and REGULATIONS for the TOWN OF RUTLAND; and HEREBY ORDER the same entered in the minutes of the said TOWN OF RUTLAND and posted in five conspicuous places in said town and published in the RUTLAND HERALD, a newspaper circulating in said town, and recorded in the records of said Town of Rutland, all pursuant to the aforementioned laws of the State of Vermont.

1. **SIDEWALKS & HIGHWAYS:** The selectmen shall have the right and authority to set off portions of public lands or highways of the Town for sidewalks and curbs, and to regulate the use thereof.

2. **SNOW REMOVAL:** The selectmen and the town road commissioner shall have the right and authority to regulate the removal of snow and ice from the sidewalks by the owner, occupant or person having charge of abutting property or other property of the town.

3. **REMOVAL OF BUILDINGS, TREES, ETC.:** The selectmen shall provide for the locations, protection, maintenance and removal of trees, plants, shrubs, buildings and other structures over and on a public highway, sidewalk or other lands and property of the town, and any person desiring to move any such trees, shrubs, buildings or structures, must first obtain a permit therefore from the selectmen and must furnish the selectmen with all required information pertaining thereto with his application and upon consideration of such application the selectmen may deny or grant such permit in their discretion.

4. **OPERATION AND PARKING OF MOTOR VEHICLES:** The selectmen may regulate the operation of all motor vehicles shall have the power to erect signs to regulate speeds and parking of motor vehicles any place within the town and provide for waiver of the right of appearance and arraignment in Court by persons charged with parking violations by payment of specified fines within a stated period of time.

5. **PEDESTRIANS:** The selectmen shall have the power and authority to regulate all pedestrian traffic on the public highway and sidewalks in the town.

6. **UTILITIES:** The selectmen shall have the power and authority to regulate all public utility installations, including, but not limited to location, removal, maintenance, repair of utility

poles, wires, conduits, water pipes, mains, gas main, sewers, upon above and under the ground of public highways and public property.

7. **SIGNS:** The selectmen shall have the power and authority to regulate or prohibit the erection, size, structure, contents and location of signs, posters or displays on or above any public highway, sidewalk, lane or alleyway of the town and also to regulate the same on private buildings and structures of all kinds.

8. **FIRE ARMS:** The selectmen shall have the authority and power to regulate or prohibit the use or disclosure of fire arms and all other types of explosives within the town or any specified portion thereof.

9. **PEDDLERS:** The selectmen shall have the power and authority to license and regulate itinerant vendors, peddlers, door to door salesmen, and those selling goods, wares, merchandise or services who engage in a transient or temporary business, or who sell from an automobile, truck, wagon or other vehicle or conveyance, excepting persons selling fruits, vegetables or other farm produce.

(A) The Town Clerk may be authorized by the selectmen to issue a license or permit for such peddling and selling and the terms and fees therefore shall be fixed by the selectmen.

10. **DOGS:** The selectmen shall have the right, power and authority to regulate the keeping of dogs, and to provide for leashing, muzzling, restraint and disposition thereof.

(A) Further: it shall be unlawful for any dog owner to permit or allow his or her dog or dogs to howl, bark, run unattended or in any other manner disturb the peace and quietude of the neighborhood or the community and such conduct may be declared a public nuisance by a majority of the board of selectmen and they may thereupon order such dog impounded or otherwise disposed of and in case of impoundment, the owner of such dog or dogs may reclaim the same only upon payment for the care and keep and other expenses of the impounded dog or dogs. Dogs unclaimed after seven days may be ordered disposed of, at the discretion of the selectmen.

11. **CIRCUSES, ETC.:** The selectmen shall have the right to license, regulate, tax or prohibit circuses, carnivals, menageries, plays, concerts, entertainment or exhibitions of all kinds for which money is received and may establish a license fee, therefore, and may require evidence of insurance to satisfaction of selectmen and State license.

12. **DUMPING:** The selectmen shall have the right, power and authority to regulate or prohibit the storage or dumping of garbage, rags, refuse or any kind of waste materials and may provide for the removal thereof.

13. **CLEANING PREMISES AND FIRE PREVENTION:** The selectmen shall have the right, power and authority to regulate and compel the owner or owners to

clean or repair any premises which in the opinion of the selectmen or the fire chief, constitute a public nuisance, or is dangerous to public health and safety.

(A) **RULES AND REGULATIONS:** No person, individual corporation, organization or other entity shall violate any applicable rules and regulations adopted by the Fire Marshal of the State of Vermont or other state agency, now or hereafter in effect, nor any lawfully adopted applicable rule, regulation, or ordinance adopted by the Town of Rutland, concerning the control and prevention of fire.

(B) The selectmen shall have the right to appoint the Fire Chief for inspection purposes under this ordinance.

(C) **ELIMINATION OF FIRE HAZARDS:** The Fire Chief or a designated representative appointed by him may order the removal of any unsafe, combustible or explosive materials which, in his opinion, shall expose to unnecessary hazards any building or the surrounding or adjacent buildings or property, and may also direct any owner or occupant to clear away from his buildings or premises debris or other materials resulting from fire, windstorm or other catastrophe, within a reasonable time after the occurrence of such fire, storm or catastrophe. The Fire Chief or designated representative may direct any owner or occupant of any building, land or premises to move to a place of safety during a fire or other catastrophe or during any period that a hazard or fire or other catastrophe exists.

(D) **OPEN FIRES:** No person shall make an open fire not contained in an incinerator or other receptacle or suitable enclosure without obtaining first a written permit therefore from the Fire Chief, or a designated representative and only upon the terms and conditions of such permit. The burning of fuels for cooking purposes shall not be construed as being included in the provision of this Section.

(E) **INCINERATOR OR ENCLOSED FIRES:** No person shall build an outside fire, contained in an incinerator or other receptacle or enclosure or permit the same to remain burning, except during the hours from 6 a.m. to 11 a.m. Burning shall be prohibited on Sundays. Such incinerators or receptacles shall be properly covered with wire mesh or other device suitable to contain the fire. No material shall be burned that produces noxious odors. Burning at any other time shall require a written permit therefore from the Chief, or a designated representative. The burning of fuels for cooking purposes shall not be construed as being included in the provisions of this Section.

(F) **REFUSAL TO PERMIT ENTRY:** No person shall refuse to allow the Fire Chief or a designated representative to enter upon or into his premises, lands or buildings for the purposes provided in this Ordinance, or attempt to prevent the representative or Chief, or obstruct such official in carrying out the provisions of this Ordinance. If requested, the Fire Chief or designated representative when making such inspection, shall show the

owner or person in charge of such buildings or premises, his appointment.

(G) **VIOLATIONS:** In addition to any other violations of the provisions of this Ordinance, it shall also be a violation of this Ordinance for a person to neglect or refuse for a period of 24 hours to comply with or obey a lawful order of the Fire Chief or representative. After the expiration of said 24 hours period, each day of violation shall be considered a separate offense.

(H) **PERFORMANCE OF WORK BY OFFICIALS:** If a person shall neglect or refuse to comply with or obey a lawful order of the Fire Chief or representative, such official may in his discretion, after the expiration of the period of 24 hours set forth in the preceding Section, do the work required by such order or cause the same to be done, and the expense therefore with full costs may be recovered of the person so neglecting or refusing, in a suit brought in the name of the Town, declaring upon this Ordinance, against such person for labor performed and materials furnished; provided, however, that after such work has been completed by such official, the person neglecting or refusing to comply with such order shall no longer be deemed to be in violation of this Ordinance as provided in the preceding Section.

(I) For all purposes hereabove set forth the Fire Chief, and the designated representative shall work together and co-ordinate their efforts to more efficiently carry out these ordinances and the issuance of licenses and permits and the revocation thereof when necessary.

(J) **PENALTIES:** In addition to any other remedies provided herein, or provided by law, a person violating any provision of this Ordinance shall be subject to a fine not in excess of \$100.00, or imprisonment not to exceed 30 days, for each day that the violation continues.

14. **PUBLIC NUISANCE:** The selectmen shall have the power and authority to define what constitutes Public Nuisance and to provide procedures and take action for its abatement or removal as the public health, safety, or welfare in their discretion, may require.

15. **ENFORCEMENT:** The selectmen shall have the power and authority to provide for penalties for violation of any ordinance or rule adopted under the authority of T. 24 V.S.A. chapter 50 A-51 Sec. 1971-2251.

16. **PENALTIES:** Any person who violates any of the provisions of any of the rules, regulations or ordinance as set forth above or as hereafter provided by the Selectmen, shall be fined not more than \$100.00 for each violation thereof.
